

Comeragh College News

Updates May

Dear Parents/Guardians and Students.

We are writing to give you details of Key dates in May.

Student Awards – Each year we do a Ceremony to celebrate our students' achievements and due to Covid we are unable to do our traditional whole school event. Student Awards will be presented to each individual year group during their timetabled Tutor classes during the week of the 21st of May.

Leaving Certificate students- our students who have opted for the accredited grades only will finish classes on Friday and we wish them well.

Leaving Certificate students who have opted to sit exams in June will continue with their timetable until the 26th of May 3.45p.m. We will have a supervised study centre available during this time where students can do independent study when they are joining teachers for subjects they have chosen not to sit in June. It is very important that student prepare for these supervised study periods in order to gain maximum benefit.

Leaving Certificate Online Graduation will take place on the 27th of May at 12. Noon

If you have any questions- please contact the school.

Book Rental – all books are collected before the 4th of June.

Details of collections dates will be issued later. It is very important that all books are returned otherwise you may not be eligible to participate in the scheme going forward.

Transition Year Events/Activities

Transition Years enjoyed a busy few weeks in Comeragh College during the month of May as they engaged in a number of activities and workshops. These workshops were challenging and indeed they did reveal some hidden talents among our Students.

First off, on **Tuesday, 4th of May**, Transition Year students completed the practical part of the Driver Ed Programme having previously completed the theory part. This practical part offered the students the opportunity to drive a car around the School under the guidance of a driving instructor. This was the first time for a number of our students to actually get behind the wheel of a car and navigate their way around the School. Students learned how to check a car for oil and water and also learned how to change a wheel in case of a puncture. We are glad to say all students and the instructor survived this enjoyable experience!!!!!!

On a different note, students then were presented with an opportunity to ride on a Segway. A course was set up and students had to negotiate some tough corners as they manoeuvred the Segway through the course. This proved to be a fun filled and enjoyable activity for all involved.

On **Tuesday, 11th of May** all Transition Year students took part in a Hair Care workshop. This proved to be another enjoyable experience as all Students were working on a Mannequin. A number of fantastic hair styles did emerge as students were brought through the various stages of unusual and quaint hairstyles. A number of hidden talents did emerge here and this proved to be an exciting and rewarding activity.

Well done to all Student's involved in these activities!
